About FGEN

FGEN's investment policy is to invest in a diversified portfolio of Environmental Infrastructure. Environmental Infrastructure is defined by the Company as infrastructure assets, projects and asset-backed businesses that utilise natural or waste resources or support more environmentally friendly approaches to economic activity, support the transition to a low carbon economy or which mitigate the effects of climate change. Such investments will typically feature one or more of the following characteristics:

- long-term, predictable cash flows, which may be wholly or partially inflation-linked cash flows;
- long-term contracts or stable and well-proven regulatory and legal frameworks; or
- well-established technologies, and demonstrable operational performance

FGEN's aim is to provide investors with a sustainable, progressive dividend per share, paid quarterly and to preserve the capital value of the portfolio over the long term on a real basis. The target dividend for the year to 31 March 2025 is 7.80 pence per share¹. The dividend is payable quarterly.

FGEN is an Article 9 fund under the EU Sustainable Finance Disclosure Regulation and has a transparent and award winning approach to ESG.
