Cornish Metals, a mineral exploration and development company focused on the advancement and restart of its 100% owned-and-permitted South Crofty high-grade tin project in Cornwall, United Kingdom, is pleased to announce a retail offer via BookBuild to raise up to £3 million before expenses (the "**Retail Offer**") at an issue price of 8 pence per new common share (as defined below) (the "**Issue Price**"). The Company reserves the right to increase the size of the Retail Offer subject to demand. Should it choose to do so it will make an announcement via a regulatory information service.

In addition to the Retail Offer and, as announced today, the Company has launched the Placing together with details of the NWF Subscription, VBR Subscription and Directors' Participation (all of which as defined in that prior announcement and together the "**Fundraising**") to raise gross proceeds of a minimum of £56 million (before expenses) through the conditional issue of new Common Shares (the "**New Shares**") at the Issue Price. For the avoidance of doubt, the Retail Offer is not part of the Placing, NWF Subscription VBR Subscription or Directors Participation.

The Issue Price represents a discount of approximately 3.61 per cent to the closing share price of 8.3 pence per existing common share on 27 January 2025 (being the latest practicable date prior to the date of this Announcement).

A separate announcement has been made regarding the Fundraising and sets out the reasons for carrying out the Fundraising and the intended use of proceeds. The proceeds of the Retail Offer will be utilised in the same way as the proceeds of the wider Fundraising.

As previously announced, the Fundraising (other than the Retail Offer Shares and the NWF Subscription Shares) will be undertaken in two tranches. The first tranche will utilise the Company's share issuance authorities granted at its annual general meeting held on 4 June 2024 (being up to a maximum of 133,817,678. The second tranche will be conditional upon the Company obtaining new share issuance authorities from shareholders at a special meeting of shareholders of the Company (the "**Special Meeting**") to be held on or about 18 March 2025.

The Retail Offer Shares will be issued in the Second Tranche only and are conditional, inter alia, on the New Shares being admitted to trading on the AIM market ("**AIM**") of the London Stock Exchange plc ("**Admission**") and the wider Fundraising also becoming unconditional. It is anticipated that Admission will become effective and that dealings in the New Shares (including the Retail Offer Shares) will commence on AIM, at 8.00 a.m. on 24 March 2025.

The Retail Offer is not part of the Placing, VBR Subscription, NWF Subscription, or Directors Participation. Completion of the Retail Offer is conditional, inter alia, upon the completion of the other elements of the wider Fundraising becoming unconditional but completion of the wider Fundraising is not conditional on the completion of the Retail Offer.

### Key Investment Risks

The Retail Offer may involve a significant degree of risk including loss of capital, rarity of dividends, lack of liquidity and potential for dilution and should only be done as part of a diversified portfolio. The value of an investment and the income from it could go down as well as up. The return of your investment is not guaranteed and you may get back less than you originally invested. Past performance is not an indicator of future performance. Suffering a loss on your investment is always a possibility. Capital is at risk.

The potential gains and losses that may arise from your investments will depend on your appetite for risk and how you manage your approach to risk. Investing all your money into one type of investment can be a high risk strategy and concentrate risks to which you and that type of investment may be exposed. A managed approach to risk may be to diversify your investments you make across different companies' securities and different asset classes.

#### **UK Product Governance Requirements**

Solely for the purposes of the product governance requirements of Chapter 3 of the FCA Handbook Product Intervention and Product Governance Sourcebook (the "UK MiFIR Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the UK MiFIR Product Governance Requirements) may otherwise have with respect thereto, the Retail Offer Shares have been subject to a product approval process, which has determined that the Retail Offer Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in paragraphs 3.5 and 3.6 of COBS; and (ii) eligible for distribution through all permitted distribution channels (the "Target Market Assessment"). Notwithstanding the Target Market Assessment, distributors should note that: the price of the Retail Offer Shares may decline and investors could lose all or part of their investment; the Retail Offer Shares offer no guaranteed income and no capital protection; and an investment in the Retail Offer Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The Target Market Assessment is without prejudice to any contractual, legal or regulatory selling restrictions in relation to the Retail Offer.

For the avoidance of doubt, the Target Market Assessment does not constitute: (a) an assessment of suitability or appropriateness for the purposes of Chapters 9A or 10A respectively of COBS; or (b) a recommendation to any investor or group of investors to invest in, or purchase, or take any other action whatsoever with respect to the Retail Offer Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Retail Offer Shares and determining appropriate distribution channels.

#### **EU Product Governance Requirements**

Solely for the purposes of the product governance requirements contained within: (a) EU Directive 2014/65/EU on markets in financial instruments, as amended ("MiFID II"); (b) Articles 9 and 10 of Commission Delegated Directive (EU) 2017/593 supplementing MiFID II; and (c) local implementing measures (together, the "MiFID II Product Governance Requirements"), and disclaiming all and any liability, whether arising in tort, contract or otherwise, which any "manufacturer" (for the purposes of the MiFID II Product Governance Requirements) may otherwise have with respect thereto, the Retail Offer Shares have been subject to a product approval process, which has determined that the Retail Offer Shares are: (i) compatible with an end target market of retail investors and investors who meet the criteria of professional clients and eligible counterparties, each as defined in MiFID II; and (ii) eligible for distribution through all distribution channels as are permitted by MiFID II (the "EU Target Market Assessment"). Notwithstanding the EU Target Market Assessment, distributors should note that: the price of the Retail Offer Shares may decline and investors could lose all or part of their investment; the Retail Offer Shares offer no guaranteed income and no capital protection; and an investment in the Retail Offer Shares is compatible only with investors who do not need a guaranteed income or capital protection, who (either alone or in conjunction with an appropriate financial or other adviser) are capable of evaluating the merits and risks of such an investment and who have sufficient resources to be able to bear any losses that may result therefrom. The EU Target Market Assessment is without prejudice to the requirements of any contractual, legal or regulatory selling restrictions in relation to the Retail Offer.

For the avoidance of doubt, the EU Target Market Assessment does not constitute: (a) an assessment of

suitability or appropriateness for the purposes of MiFID II; or (b) a recommendation to any investor or group of investors to invest in, or purchase or take any other action whatsoever with respect to the Retail Offer Shares. Each distributor is responsible for undertaking its own target market assessment in respect of the Retail Offer Shares and determining appropriate distribution channels.
