CleanTech Lithium PLC

("CleanTech" or "CTL" or the "Company")

Results of Placing, Issue of Equity and TVR

CleanTech Lithium PLC ("**CTL**", "**CleanTech Lithium**" or the "**Company**"), an exploration and development company advancing lithium projects in Chile for the clean energy transition, is pleased to announce the results of the Placing announced on 10 February 2025 (the "**Launch Announcement**").

Results of the Placing

The Placing has conditionally raised gross proceeds of £2.4 million through the issue of 15,000,000 new ordinary shares ("**Placing Shares**") at an Issue Price of 16 pence per share. The Placing Shares represent approximately 15.2 per cent. of the Company's enlarged ordinary share capital following the admission of the Placing Shares to trading on AIM. As part of the Placing, the Placing Shares will carry a warrant entitlement of one warrant for every Placing Share. Each Warrant grants the holder the right to subscribe for one new Ordinary Share at a price of 11p, being approximately 31% per cent. below the Issue Price, at any time from one year after the date of First Admission until up to and including the date which is 4 years from the date of First Admission ("**Warrants**"). The majority of the Placing Shares were placed with current institutional shareholders showing strong support from existing shareholders from Asia, Australia, Europe and the UK.

The Board plans to apply the net proceeds raised toward progressing the capital programmes which are critical path for the award of the CEOL at Laguna Verde, to complete the Laguna Verde Pre-Feasibility Study ("**PFS**"), to fund the listing on the ASX through to completion, enhancing market visibility and access to a broader investor base, to complete the first stage DLE pilot plant conversion process and produce substantial quantities of battery grade lithium carbonate to introduce to potential off-takers and strategic partners, and for general working capital requirements.

Broker Option

In addition to the Placing, the Company has granted a Broker Option to Fox-Davies pursuant to the Placing Agreement in order to enable Fox-Davies to deal with any additional demand in the event that requests to participate in the Placing are received during the period from the date of the publication of this announcement until 5.00 p.m. on 25 February 2025 from Relevant Persons (as defined in Appendix 1 to the Launch Announcement). The primary purpose of the Broker Option is to deal with demand from those investors who did not participate in the Placing. The Broker Option is exercisable by Fox-Davies up until 5.00 p.m. on 25 February 2025 and is subject to the terms and conditions set out in Appendix 1 to the Launch Announcement.

Any Broker Option Shares and Warrants issued pursuant to the exercise of the Broker Option will be issued on the same terms and conditions as the Placing Shares and Warrants, which are set out in Appendix 1 to the Launch Announcement, and will comprise up to 12,500,000 new Ordinary Shares. Further details of the Broker Option are available in the Launch Announcement.

Steve Kesler, Executive Chairman, CleanTech Lithium Plc, commented:"Thank you to all the investors that have supported CleanTech Lithium in the latest Placing. We are delighted to see the return of existing shareholders and welcome new shareholders who have shown, despite difficult market conditions, their confidence in the Company as we develop responsibly sourced lithium in Chile via Direct Lithium Extraction

commence in the Company as we develop responsibly sourced lithium in Chile via Direct Lithium Extraction.

The new funds will be focused on progressing toward the award of a CEOL at the Laguna Verde project, complete the Laguna Verde PFS, and on producing battery-grade lithium carbonate for potential strategic partners as well as maintaining our active engagement with indigenous communities whilst we pursue the dual listing in Australia in the coming weeks."

Related Party

As a part of the Placing and on the same terms as all other Places, Regal Funds¹, which is currently interested in approximately 14 per cent. of the Company's issued share capital and therefore a Related Party under the AIM Rules, has agreed to subscribe for approximately £100,000. As such, Regal Funds participation is a Related Party Transaction for the purposes of Rule 13 of the AIM Rules. Accordingly, the Directors of the Company, all independent, consider, having consulted with Beaumont Cornish Limited, the Company's Nominated Adviser, that the terms of the subscription by Regal Funds are fair and reasonable insofar as the Company's shareholders are concerned.
