27 February 2025

**Cirata plc**  
**("Cirata" or the "Company")**

*New logo in Telecom sector*  
*First contract through partner DataBricks*  
*First LDM DMaaS implementation*

Cirata is pleased to announce completion of its first Live Data Migrator implementation under the 'data migration as a service' ("DMaaS") solution offering. This is a contract win with a new Telecommunications customer in the UAE. This will also be the first project win with Cirata's partner Databricks to enable Hadoop Distributed File System data migration to the cloud. The total contract sum will be 50,000.

DMaaS is part of Cirata's market offering to accelerate the onboarding of 'new logos', proving Cirata LDM at small scale. DMaaS projects are expected to be in the range of 50,000- 100,000. This will be an important additional leg to the Company's GTM 'land and expand' strategy. Further details of the Cirata DMaaS offering can be found [here](#).
