SysGroup Joins Rubrik's Advanced Partner Program

SysGroup plc (AIM:SYS), the technology partner for delivery and management of cloud, data and security services to power Artificial Intelligence ("AI") and Machine Learning ("ML") transformation, is excited to announce the Company joins Rubrik's Advanced Partner Program.

This collaboration strengthens SysGroup's ability to deliver Rubrik's leading data security, ransomware detection, and rapid recovery solutions to organisations across the UK. Rubrik is a 5x Leader in the Gartner Magic Quadrant for recovery software, and SysGroup is one of only three MSPs within the UK in Rubrik's Advanced Partner Program.

Heejae Chae, Executive Chairman of SysGroup, commented,

"Businesses today are confronted with unprecedented data security challenges, with the demand for secure, scalable, and AI-powered solutions growing exponentially. By integrating Rubrik Security Cloud into our end-to-end services model, SysGroup is uniquely positioned to provide organizations with the resilience and security they need to thrive in the digital age."

Through this strategic partnership, SysGroup reinforces its vision to future-proof IT infrastructures for UK organizations with a holistic, secure-by-design approach. This enables businesses to drive growth while safeguarding their most valuable digital assets in an increasingly complex and security-conscious digital landscape.

Natalie Sidwell, VP of Sales, Rubrik UK, added,

"SysGroup's proven ability to deliver fully integrated technology solutions makes them an ideal partner. Their expertise in advisory, deployment, and ongoing support ensures that UK businesses can fully leverage Rubrik's capabilities to secure their data across enterprise, cloud, and SaaS environments."
