At **accesso**, we believe technology has the power to redefine the guest experience. Our patented and award-winning solutions drive increased revenue for attraction operators while improving the guest experience. Currently serving over 1,200 clients in 34 countries around the globe, **accesso's** solutions help our clients streamline operations, generate increased revenues, improve guest satisfaction and harness the power of data to facilitate business and marketing decisions.

accesso stands as the leading technology provider of choice for tomorrow's attractions, venues and institutions. To stay ahead, we invest heavily in research and development because our industries demand it, our clients benefit from it and it makes a positive impact on the guest experience. Our innovative technology solutions allow venues to increase the volume and range of on-site spending and to drive increased transaction-based revenue through cutting edge ticketing, point-of-sale, virtual queuing, distribution and experience management software.

Many of our team members have direct, hands-on experience working in the venues we serve. In this way, we are experienced operators who run a technology company serving attractions operators, versus a technology company that happens to serve the market. From our agile development team to our dedicated client service specialists, every team member knows that their passion, integrity, commitment, teamwork and innovation are what drive our success.

accesso is a public company, listed on AIM: a market operated by the London Stock Exchange. For more information, visit www.accesso.com.
