Mobile Streams Plc is extremely pleased to announce that it has been notified that the online casino and sportsbook, known previously to MOS shareholders as Bet, has successfully launched in Mexico. The brand name is Estadio Gana. www.estadiogana.mx

After a successful VIP testing phase, Estadio Gana has officially launched its state-of-the-art Sports Book and Casino platform to the Mexican public. As of today, Mexican sports enthusiasts and gaming fans can now place bets and experience the thrill of Estadio Gana 's cutting-edge platform, offering world-class betting and gaming experiences.

This exciting launch marks Estadio Gana 's entry into one of the world's fastest-growing sports betting markets. Mexico's sports betting and gaming industry is projected to reach an impressive market size of US 11.47 billion by the end of 2025 according to Yogonet Gaming News, with further growth expected to surge by up to 70% by 2028. As a nation passionate about sports and gaming, and with Mexico set to co-host the FIFA World Cup in 2026, the industry is primed for exponential expansion.

This is just the beginning, our ambitious development roadmap will soon introduce an array of new products, from innovative games to dynamic sports content, ensuring an ever-evolving experience for our players. Alongside that we expect to see a number of innovative partnerships with sports clubs, personalities and media outlets.

Alongside its official launch, Estadio Gana 's social media channels are now live, creating a vibrant community for sports betting and casino enthusiasts to connect, engage, and stay updated with the latest offers and industry news.

This launch is an exciting addition to Mobile Streams group's innovative sports entertainment portfolio, further strengthening our position as a leader in the industry.

Estadio Gana is also committed to maintaining the highest standards of fair gaming policies and responsible betting, supported by state-of-the-art security measures to ensure a safe and secure environment for all players.

Mobile Streams Plc (MOS) currently owns 29.94% of Estadio Gana and holds a call option that could take the holding to 42.12%, should said call be exercised (see RNS of 20th March 2025).
