Vesting of Award, Exercise of Option and Subsequent Sale of Shares

Computacenter 2017 Deferred Bonus Plan

The Company announces that on 26 March 2025, the following conditional award over Ordinary Shares vested for the Director below. This followed, in accordance with the rules of the Computacenter 2017 Deferred Bonus Plan, the Company vesting tranches of the related conditional 2023 Bonus Award, which was granted on 26 March 2024, over Ordinary Shares. Vesting of this tranche of the 2023 Bonus Award was subject to the completion of a one-year holding period. Further, certain of the Ordinary Shares, resulting from the vesting of the award, were automatically sold for 2554 pence each to cover tax and national insurance liabilities arising in connection with the vesting.

DIRECTOR	Number of shares acquired following vesting ¹	Number of shares automatically sold	Number of shares retained
Mr M J Norris (Director)	7,456	3,515	3,941

¹ On 26 March 2025, the Director listed above became entitled to ordinary shares of 799 pence each in the capital of the Company, as a result of an Award vesting under the DBP. Awards granted under the DBP Plan vest in two tranches with one-half of the deferred shares from the Bonus Awards vesting after one year and the remaining deferred shares from the Bonus Awards vesting after two years. The shares vesting above relate to the first tranche of the 2023 Bonus Award made on 26 March 2024. The shares were released to the Director on 26 March 2025 when the transaction noted above took place. The vesting amount included 189 shares, awarded as dividend equivalent shares equal in value to dividends that would have been paid on the shares in respect of which the award vests in respect of dividend record dates during the period between the grant date and the vesting date.
