Mondi completes acquisition of Western Europe Packaging Assets
of Schumacher Packaging

Â

Mondi plc (â€œMondiâ€ or the â€œGroupâ€) a global leader in the production of sustainable packaging and paper, has completed the acquisition of the Western Europe Packaging Assets of Schumacher Packaging, expanding Mondiâ€™s footprint, enhancing its customer offering and creating a strong platform for further growth.

Complementing Mondiâ€™s existing network of corrugated solutions plants across Central and Eastern Europe, the acquired corrugated converting and solid board operations in Germany, Benelux and UK will add over 1 billion square meters of capacity when fully operational. This includes two state-of-the-art mega box plants located at Ebersdorf and Greven (Germany), which have best-in-class production speed and operational efficiency, and offer significant growth potential following a recent investment programme.

Andrew King, Mondi Group CEO, said:

Â
â€œThis acquisition significantly strengthens our corrugated packaging business, extending our footprint in Western Europe and offering strong vertical integration opportunities.
Â

â€œWe are delighted to welcome our new Schumacher Packaging colleagues to Mondi.Â Together we will expand our eCommerce and FMCG offering, particularly in Western Europe, presenting exciting opportunities to introduce the Groupâ€™s unique range of products to a wider array of customers as they increasingly transition towards more sustainable packaging solutions.â€
