**About CQS New City High Yield Fund Limited**

CQS New City High Yield Fund Limited aims to provide investors with a high dividend yield and the potential for capital growth by investing in high-yielding, fixed interest securities. These include, but are not limited to, preference shares, loan stocks, corporate bonds (convertible and/or redeemable) and government stocks. The Company also invests in equities and other income-yielding securities.

Since the Fund's launch in 2007, the Board has increased the level of dividends paid every year. As at 31 December 2024, the Company's dividend yield was 8.79%. In addition to quarterly dividend payments, the Fund seeks to deliver investors access to a high-income asset class across a well-diversified portfolio with low duration to help mitigate interest rate risk.
