Notes to Editors:

Oriole Resources PLC is an AIM-listed gold exploration company, with projects in West and Central Africa. It is focused on early-stage exploration in Cameroon, where the Company has reported a Resource of 375,000oz contained Au at 2.30g/t in the JORC Inferred category at its 90% owned Bibemi project and has identified multi-kilometre gold and lithium anomalies within the district scale Central Licence Package project. BCM International is currently earning up to a 50% interest in the Bibemi and Mbe projects in return for a combined investment of US 1.5 million in signature payments, up to US 8 million in exploration expenditure, as well as JORC resource based success payments.

At the Senala gold project in Senegal, AGEM Senegal Exploration Suarl (‘AGEM’), a wholly owned subsidiary of Managem Group, has recently completed a six-year earn-in to acquire an approximate 59% beneficial interest in the Senala Exploration Licence by spending US 5.8 million. Drafting of a joint venture agreement to manage the programme going forward is currently underway. The Company also has several interests and royalties in companies operating in East Africa and Turkey that could give future cash payments.
