Corero Appoints Edison Group to Strengthen US and International Investor Distribution

[Corero \(AIM: CNS\)\(OTCQX: DDOSE\)](#) the distributed denial of service ("DDoS") protection specialists, today announced the appointment of Edison Group to enhance awareness and understanding of its business among international retail and institutional investors, complementary to the equity research from its brokers.

Edison will produce in-depth and regular research coverage of Corero, including video commentary and additional investor content. All materials will be publicly available, enabling retail and institutional investors across geographies and asset classes to access high-quality insight into Corero's performance and strategy.

Carl Herberger, Chief Executive Officer at Corero, commented:

"We're pleased to be working with Edison to raise Corero's visibility, particularly among US retail and institutional investors. As a globally listed business, it's important that the international investment community can access high-quality research and understand our long-term value proposition. We believe Edison's reach and insight, alongside that of our brokers, will be instrumental in achieving this."

Investors can register to receive Edison's research and updates as they are published via Corero's Edison landing page:
