**Alien Metals Limited
("Alien" or the "Company")**

Issue of Shares and Total Voting Rights

Alien Metals Limited (**AIM: UFO**), a minerals exploration and development company, announces that it has today issued 68,443,400 new common shares of no par value each in the Company ("Common Shares") in lieu of payments totalling in aggregate £57,635 in respect of certain advisory services.

Admission and Total Voting Rights

Application has been made to the London Stock Exchange for admission of the 68,443,400 Common Shares to trading on AIM. It is expected that admission will become effective and dealings in the Common Shares will commence on AIM at 8.00 a.m. on 28 April 2025.

The new Common Shares will be issued fully paid and will rank *pari passu* in all respects with the Company's existing Common Shares.

Following Admission, the total number of Common Shares in the capital of the Company in issue will be 7,578,358,786 with voting rights. This figure may be used by shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the Company's issued share capital pursuant to the Company's Articles.

Notes to Editors

Alien Metals Limited is a mining exploration and development company listed on the AIM market of the London Stock Exchange (AIM: UFO). The Company's focus is on delivering a profitable direct shipping iron ore operation from its 90% Hancock iron ore project in the central Pilbara region of Western Australia. The Hancock tenements currently contain a JORC-compliant resource of 8.4Mt iron ore @ 60% Fe and offers significant exploration upside which is targeted to deliver a mining operation of 2Mtpa for 10 years.

These Hancock Project tenements have direct access to the Great Northern Highway, which provides an essential export route to export facilities at Port Hedland, from where more than 500Mt of iron ore is exported annually (30% of global

production). The Company also has an interest in two iron ore exploration projects Brockman and Vivash, located in the West Pilbara.

The Company owns one of Australia's largest PGM deposits, Munni Munni which hosts a deposit containing a historic resource of 2.2Moz PGM (Palladium, Platinum, Gold, and Rhodium). The Company has recently entered into a joint venture with Errawarra Resources Limited for the development of the Elizabeth Hill Silver Project, located near Karratha in the Pilbara, which consists of the Elizabeth Hill Mining Lease and exploration tenements surrounding the historical silver mine which has produced some of Australia's highest-grade silver ore during the late 1990's.
