

28 April 2025

The Renewables Infrastructure Group Limited

"TRIG" or "the Company", a London-listed renewables investment company advised by InfraRed Capital Partners ("InfraRed") as Investment Manager and Renewable Energy Systems ("RES") as Operations Manager.

Notice of 2025 Capital Markets Seminar

TRIG will be holding a Capital Markets Seminar for institutional investors and sell-side analysts on Wednesday 28 May 2025 at 14:15 UK time (registration from 14:00).

The Capital Markets Seminar will explore key themes relevant to the Company's strategy to deliver long-term value for shareholders through a combination of resilient income and the opportunity for capital growth, particularly in the context of the current volatile market environment. Presentations from the Managers of TRIG, InfraRed and RES, will cover a range of topics including the Managers' approach to asset rotation, revenue management, and growth levers such as development, construction and operational enhancements.

This will be a hybrid event at InfraRed's offices (Level 7, One Bartholomew Close, London, EC1A 7HH) with the option to watch a livestream. In-person registration will begin at 14:00. Formal proceedings are expected to conclude by 16:15 and will be followed by refreshments.

Institutional investors and sell-side analysts wishing to attend should email triginfo@rcp.com stating their preference to attend in person or virtually.

Notes

The Company

The Renewables Infrastructure Group ("TRIG" or the "Company") is a leading London-listed renewable energy infrastructure investment company. The Company seeks to provide shareholders with an attractive long-term, income-based return with a positive correlation to inflation by focusing on strong cash generation across a diversified portfolio of predominantly operating projects.

TRIG is invested in a portfolio of wind, solar and battery storage projects across six markets in Europe with a net operational capacity of 2.3GW; enough renewable power for 1.6 million homes and to avoid 2.0 million tonnes of carbon emissions per annum.

Further details can be found on TRIG's website at www.trig-ltd.com.

Investment Manager

InfraRed Capital Partners is an international infrastructure asset manager, with more than 160 professionals operating worldwide from offices in London, Madrid, New York, Sydney and Seoul. Over the past 25 years, InfraRed has established itself as a highly successful developer and steward of infrastructure assets that play a vital role in supporting communities. InfraRed manages US 13bn of equity capital¹ for investors around the globe, in listed and private funds across both core and value-add strategies.

InfraRed is part of SLC Management, the institutional alternatives and traditional asset management business of Sun Life.

For more information, please visit www.ircp.com.

¹ Uses five-year average FX as at 31 December 2024 of GBP/USD of 1.2818; EUR/USD 1.1092. EUM is USD 13.186bn.

Operations Manager

TRIG's Operations Manager is RES ("Renewable Energy Systems"). RES is the world's largest independent renewable energy company, working across 24 countries and active in wind, solar, energy storage, biomass, hydro, green hydrogen, transmission, and distribution. An industry innovator for over 40 years, RES has delivered more than 24GW of renewable energy projects across the globe and plans to bring more than 22GW of new capacity online in the next five years.

As a service provider, RES has the skills and experience in asset management, operations and maintenance (O&M), and spare parts - supporting 41GW of renewable assets across 1,300 sites. RES brings to the market a range of purposeful, practical technology-based products and digital solutions designed to maximise investment and deployment of renewable energy. RES is the power behind a clean energy future where everyone has access to affordable zero carbon energy bringing together global experience, passion, and the innovation of its 4,500 people to transform the way energy is generated, stored and supplied.
