**About Avacta -** <https://avacta.com/>

Avacta Therapeutics is a clinical-stage life sciences company expanding the reach of highly potent cancer therapies with the pre|CISION<sup>®</sup> platform. pre|CISION<sup>®</sup> is a proprietary warhead delivery system based on a tumor-specific protease (fibroblast activation protein or FAP) that is designed to concentrate highly potent warheads in the tumor microenvironment while sparing normal tissues. Our innovative pipeline consists of pre|CISION<sup>®</sup> peptide drug conjugates (PDC) or Affimer<sup>®</sup> drug conjugates (AffDC) that leverage the tumor-specific release mechanism, providing unique benefits over traditional antibody drug conjugates.
