MTI Wireless Edge Ltd

("MTI" or the "Group")

Significant Mottech Contract Win

MTI Wireless Edge Ltd (AIM: MWE) the technology group focused on comprehensive communication and radio frequency solutions across multiple sectors, is pleased to announce that its subsidiary Mottech Water Solutions Ltd ("Mottech") has secured a significant contract worth approximately Euro 1.0 million from a long-term customer in Italy to be delivered within 2025.

MTI's CEO, Moni Borovitz, commented "We are extremely proud of this order, as this is an extensive project with a large water consortium in Italy with whom we have worked for many years. The contract we are announcing today is the first phase and involves the renewal and expansion of an irrigation system originally installed over 15 years ago. The objective is to provide efficient water distribution across an expanded area of agricultural land supporting the accurate irrigation of citrus fruits. Once the first phase is successfully completed, we expect the contract will be extended to cover the next phase."

About MTI Wireless Edge Ltd. ("MTI")

Headquartered in Israel, MTI is a technology group focused on comprehensive communication and radio frequency solutions across multiple sectors through three core divisions:

Antenna division

MTI is a world leader in the design, development and production of high quality, state-of-the-art, and cost-effective antenna solutions including Smart Antennas, MIMO Antennas and Dual Polarity Antennas for wireless applications. MTI supplies antennas for both military and commercial markets from 100 KHz to 174 GHz.

Internationally recognized as a producer of commercial off-the-Shelf and custom-developed antenna solutions in a broad frequency range, MTI addresses both commercial and military applications.

MTI supplies directional and omnidirectional antennas for outdoor and indoor deployments, including smart antennas for 5G backhaul, Broadband access, public safety, RFID, base station and terminals for the utility market.

Military applications include a wide range of broadband, tactical and specialized communication antennas, antenna systems and DF arrays installed on numerous airborne, ground and naval, including submarine, platforms worldwide.

Water Control & Management division

Via its subsidiary, Mottech Water Solutions Ltd ("Mottech"), MTI provides high-end remote control and monitoring solutions for water and irrigation applications based on Motorola's IRRInet state-of-the-art control, monitoring and

solutions for water and irrigation applications based on Motorola's M2M state of the art cellular, monitoring and communication technologies.

As Motorola's global prime-distributor Mottech serves its customers worldwide through its international subsidiaries and a global network of local distributors and representatives. With over 25 years of experience in providing customers with irrigation remote control and management, Mottech's solutions ensure constant, reliable and accurate water usage, increase crops quality and yield while reducing operational and maintenance costs providing fast ROI while helping sustain the environment. Mottech's activities are focused in the market segments of agriculture, water distribution, municipal and commercial landscape as well as wastewater and storm-water reuse.

Distribution & Professional Consulting Services division

Via its subsidiary, MTI Summit Electronics Ltd., MTI offers consulting, representation and marketing services to foreign companies in the field of RF and Microwave solutions and applications including engineering services (including design and integration) in the field of aerostat systems and the ongoing operation of Platform subsystems, SIGINT, RADAR, communication and observation systems which is performed by the Company. It also specializes in the development, manufacture and integration of communication systems and advanced monitoring and control systems for the Government and defence industry market.
