Notes to editors:

Ashtead Technology is a leading subsea technology solutions provider to the global offshore energy sector. Ashtead Technology's specialist equipment, advanced-technologies and support services enable its customers to understand the subsea environment and manage offshore energy production infrastructure.

Ashtead Technology's offering is applicable across the lifecycle of offshore wind farms and offshore oil and gas infrastructure with over 85% of its equipment fungible across both markets.

Headquartered in the UK, Ashtead Technology operates globally, servicing customers from its facilities located in key offshore energy hubs.
