About Inchcape

Inchcape is the leading global automotive distributor, with operations across six continents. Inchcape works with our mobility company partners in smaller, more complex and harder-to-reach markets, which tend to be higher growth with low motorisation rates. By combining our in-market expertise with our unique technology and advanced data analytics, we create innovative customer experiences that deliver outstanding performance for our partners - building stronger automotive brands and creating sustainable growth.

Our distribution platform connects the products of mobility company partners with customers, and our responsibilities span product planning and pricing, import and logistics, brand and marketing to operating digital sales, managing physical sales and aftermarket service channels. Delivering for our partners, our customers and our people - so they can realise their ambitions in the new world of mobility. The Group is headquartered in London and employs over 17,000 people globally.
