About Greatland

Greatland is a gold and copper mining company listed on the London Stock Exchange's AIM Market (LSE:GGP) and operates its business from Western Australia.

The Greatland portfolio includes the 100% owned Telfer gold-copper mine, the adjacent 100% owned world class Haverton gold-copper project (under development), and a significant exploration portfolio within the surrounding region. The combination of Telfer and Haverton provides for a substantial and long life gold-copper operation in the Paterson Province of Western Australia.

The group is targeting a cross listing on the ASX and AIM in June 2025.
