About Ethernity Networks

Ethernity Networks (AIM: ENET.L; OTCMKTS: ENETF) provides innovative, comprehensive networking and security solutions on programmable hardware, enhancing telco/cloud network infrastructure capacity. Ethernity's semiconductor logic offers data processing functionality for various networking applications, alongside patented wireless access technology and fiber access media controllers, all equipped with control software boasting a rich set of networking features. Ethernity's solutions swiftly adapt to customers' evolving needs, accelerating time-to-market and facilitating the deployment of 5G over wireless and fiber infrastructure.
