

24 June 2025

essensys plc

("essensys", the "Company" or the "Group")

Exercise of Options and Total Voting Rights

essensys plc (AIM:ESYS), the leading global provider of software and technology to the flexible workspace industry, announces that it has issued and allotted 24,819 new ordinary shares of 0.25 pence each ("Ordinary Shares") following the exercise of share options by an employee of the Company.

Application has been made to the London Stock Exchange for the 24,819 new Ordinary Shares to be admitted to trading on AIM ("Admission") and it is expected that Admission will become effective and trading will commence at 8.00 a.m. on 26 June 2025.

The Company advises that, following Admission, the Company's issued share capital will be 64,751,830 Ordinary Shares. The Company does not hold any Ordinary Shares in treasury. As such the Company's total number of Ordinary Shares with voting rights is 64,751,830.

The above figure of 64,751,830 may be used by shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the Company under the FCA's Disclosure Guidance and Transparency Rules.

About essensys plc

Founded in 2006 and listed on the London Stock Exchange AIM Market, essensys is a leading global provider of software and technology to the commercial real estate industry.

Partnering with many of the world's leading landlords and flexible workspace operators, essensys delivers innovative digital experience (DX) solutions that drive occupancy, maximise yield and reduce operating costs. Its flagship products, essensys Platform and elumo, solve the complex challenges of managing physical and digital access in dynamic multi-tenant environments, while delivering deep space utilisation insights and transformative digital experiences.

With a focus on Access, Intelligence & Experience, essensys' products enable real estate leaders to unlock the full potential of their portfolios in today's flexible, hybrid world while ensuring they stay ahead in an era of dynamic workplace evolution.
