Closing of Viterra/Bunge Merger

Further to its announcements on 13 June 2023 and 16 June 2025, Glencore confirms that the merger of Viterra with Bunge Global S.A. (Bunge) closed today. Under the merger terms Glencore received:

1. 32.8 million shares in Bunge, representing 16.4% of the enlarged company, and
2. around 900 million in cash, subject to later adjustment under the merger terms.

Reflecting Glencore's capital allocation and leverage framework, by which our balance sheet is managed around a certain net debt threshold, we view these NYSE-listed Bunge shares as representing surplus capital. The shares have a current market value of c. 2.63 billion based on yesterday's closing price. Glencore intends to commence a share buyback programme, underpinned by the value of this shareholding, of up to 1 billion representing less than 40% of the current market value of the shares. Glencore intends to commence the buyback on Monday 7 July (for which it shall make a further announcement prior to commencement) and for the programme to be completed by the time of the release of our financial results for the 2025 financial year, in February 2026.
