II. Communication with Accounting Firm

The financial data related to this preliminary results has not been audited by the accounting firm.

III. Explanation for the Changes in Results

During the reporting period, the newly commissioned capacities of subsidiaries such as Inner Mongolia Yongtai, Yongtai New Energy and Yongtai High-Tech continued to ramp up, with utilization rates steadily rising. This drove year-on-year, steady growth in both production and sales volumes of the crop-science and lithium-battery segments, enhancing the Group's overall profitability.

Non-recurring Profits and Losses for the period amounted to approximately RMB 36 million, primarily comprising government grants and other gains recognized in the period.

IV. Other Relevant Explanation

This preliminary result is based on the estimation of the Finance Department of the Company, and the specific financial data is subject to the 2025 interim report to be disclosed by the Company. Investors are kindly advised to make cautious decisions and pay attention to investment risks.
