

RNS Number : 5751R  
hVIVO PLC  
18 July 2025

**hVIVO plc**  
**("hVIVO", the "Company" or the "Group")**

**Directorate Change**

hVIVO plc (AIM: HVO), a full-service Contract Research Organisation (CRO) and the world leader in human challenge clinical trials, announces that the Company has received notice of resignation from Tracey James as Non-Executive Director of the Board with immediate effect. The Company can confirm that Ms James' decision to resign from the Board is unrelated to the Company's financial performance or outlook. The Company's trading update for H1 2025 will be issued on 22 July 2025 as previously announced.

The Nominations Committee has commenced a process to appoint a new independent Non-Executive Director and the Company will announce the results of this process in due course.

Separately, the Nominations Committee is progressing well in its process to appoint a new independent Non-Executive Chair, a further announcement will be made in due course.

**Notes to Editors**

**hVIVO plc** (Ticker: HVO) is full-service Contract Research Organisation (CRO) and the global leader in human challenge trials. The company delivers end-to-end clinical development services to a diverse and expanding client base, including seven of the world's ten largest biopharma companies.

hVIVO specialises in conducting human challenge trials across multiple infectious and respiratory indications, leveraging its state-of-the-art quarantine facility in London-the largest of its kind worldwide. The company also offers comprehensive virology and immunology laboratory services under the **hLAB** brand.

Through its German subsidiary, **CRS**, hVIVO operates a 120-bed capacity across Mannheim and Kiel, providing early-phase clinical trial services, including first-in-human and proof-of-concept studies. Its second subsidiary, **Venn Life Sciences** offers Early Drug Development Consulting and Biometry services to the biopharma sector.

The Group provides fully integrated drug development solutions from preclinical stages through Phase II trials, alongside patient recruitment via **FluCamp**. Additionally, its five clinical sites support outpatient Phase II and III trials, ensuring a seamless and efficient pathway from discovery to late-stage development.
