## **ABOUT YELLOW CAKE**

Yellow Cake is a London-quoted company, headquartered in Jersey, which offers exposure to the uranium spot price. This is achieved through its strategy of buying and holding physical triuranium octoxide ("U<sub>3</sub>O<sub>8</sub>"). It may also seek to add value through other uranium-related activities. Yellow Cake and its wholly owned subsidiary (the "Group") seek to generate returns for shareholders through the appreciation of the value of its holding of U<sub>3</sub>O<sub>8</sub> and its other uranium-related activities in a rising uranium price environment. The business is differentiated from its peers by its ten-year Framework Agreement for the supply of U<sub>3</sub>O<sub>8</sub> with Kazatomprom, the world's largest uranium producer. The Group currently holds 21.68 million pounds of U<sub>3</sub>O<sub>8</sub>, all of which is held in storage in Canada and France.
