**The dividend target stated in this announcement is a target only and not a profit forecast. There can be no assurance that this target will be met, or that the Company will make any distributions at all and it should not be taken as an indication of the Company's expected future results. The Company's actual returns will depend upon a number of factors, including but not limited to the Company's net income and level of ongoing charges. Accordingly, potential investors should not place any reliance on this target and should decide for themselves whether or not the target dividend is reasonable or achievable. Investors should note that references in this announcement to "dividends" and "distributions" are intended to cover both dividend income and income which is designated as an interest distribution for UK tax purposes and therefore subject to the interest streaming regime applicable to investment trusts.*

About Octopus Renewables Infrastructure Trust

Octopus Renewables Infrastructure Trust ("ORIT") is a London-listed, closed-ended investment company incorporated in England and Wales focused on providing investors with an attractive and sustainable level of income returns, with an element of capital growth, by investing in a diversified portfolio of renewable energy assets in Europe and Australia. As an impact fund, ORIT is helping accelerate the transition to net zero by investing in green energy, whilst also contributing to a broader set of UN Sustainable Development Goals through its impact initiatives. ORIT's investment manager is Octopus Energy Generation.

About Octopus Energy Generation

Octopus Energy Generation is driving the renewable energy agenda by building green power for the future. Its specialist renewable energy fund management team invests in renewable energy assets and broader projects helping the energy transition, across operational, construction and development stages. The team was set up in 2010 based on the belief that investors can play a vital role in accelerating the shift to a future

powered by renewable energy. It has a 14-year track record with approximately £6.8 billion of assets under management (AUM) (as of 31 March 2025) across 21 countries and with a total 5.0 GW of capacity managed. These renewable projects generate enough green energy to power 2.6 million homes every year, the equivalent of taking over 1.4 million petrol cars off the road. Octopus Energy Generation is the trading name of Octopus Renewables Limited.
