## Riverstone Energy Limited

### Result of Extraordinary General Meeting and Commencement of Managed Wind-Down

At the Extraordinary General Meeting of Riverstone Energy Limited (the "Company") held earlier today, all resolutions (the "Resolutions") contained in the notice of extraordinary general meeting dated 1 August 2025 (the "Notice of EGM") were duly passed on a poll vote without amendment. Accordingly, the Company has entered into Managed Wind-Down, as further described in the Notice of EGM.

The Company will keep shareholders updated as the Managed Wind-Down progresses.

The results of the poll votes on the Resolutions were as follows:

Resolution	Votes For (including Discretionary)	%	Votes Against	%	Votes Withheld*
The Company to adopt the New Investment Objective and Policy.	16,461,495	99.73	43,789	0.27	1,817
All shares in issue be converted into ordinary shares that are redeemable at the option of the Company.	16,461,495	99.73	43,789	0.27	1,817
To approve and adopt the new articles of incorporation of the Company.	16,461,495	99.73	43,789	0.27	1,817

*\*A vote withheld is not a vote in law and is therefore not counted towards the proportion of votes "for" or "against" the special resolution.*

All votes cast were proxy votes received in advance of the meeting. Accordingly, the proxy votes received by the Company are identical to the above.

As at 22 August 2025, the Company's issued share capital comprises 24,591,380 Ordinary Shares. Each Ordinary Share carries the right to one vote at a general meeting of the Company. Accordingly, the total number of shares in the Company entitling the holders to attend and vote for or against the Resolutions was 24,591,380. The Company holds no Ordinary Shares in treasury.

The full text of the Resolutions can be found in the Notice of the Meeting, which is contained in the circular to Shareholders dated 1 August 2025, copies of which are available on the Company's website at <https://www.riverstonerel.com/>. Copies of the Resolutions will shortly be available for inspection at the National Storage Mechanism: <https://data.fca.org.uk/#/nsm/nationalstoragemechanism>.
