**NOTES:**

The Company primarily invests in residential properties providing social housing in the UK, with a particular focus on specialised supported housing ("SSH"). SSH provides homes for vulnerable adults requiring support to live independently, including those with learning difficulties, mental health problems and physical disabilities. These homes are specially designed or adapted to meet residents' needs and are managed by Approved Providers who are predominantly regulated by the Regulator of Social Housing. Approved Providers consist of Housing Associations and Local Authorities, or other regulated organisations in receipt of direct rental payments from local Government.

These operational residential properties deliver sustainable, long-term, growing income for shareholders, improved outcomes for residents and savings to the taxpayer.

The Company is listed on the Closed-ended investment funds category of the FCA's Official List and its Ordinary Shares are traded on the LSE's Main Market.

Atrato Partners Limited is the Company's Investment Manager.
