About Feedback plc

Feedback plc liberates the data and knowledge from multiple healthcare IT systems and delivers better workflow to enable clinicians to communicate, collaborate and provide the best healthcare for their patients. We connect care settings with diagnostic and other relevant data to drive better, faster, safer decision that improve outcomes for patients.

By linking different clinical systems together into a seamless view of the patient, we can streamline patient pathways and deliver a digital health and diagnostics record across multiple care providers.

Bleepa® is our communication and collaboration platform that displays clinical results at a certified and regulated quality, which enables multi-disciplinary team working and diagnostic-enhanced advice and guidance. CareLocker® is our patient-facing platform that gives patients access and control over their diagnostic and other clinical data.

The Company has a number of growth opportunities domestically and internationally across a range of public and private healthcare markets including the NHS. Our highly scalable software-as-a-service (SaaS) based model is expected to provide increasing levels of revenue visibility as the Company grows its customer base.
