

DCI Advisors Ltd

(the "Company" or "DCI")

Final Settlement and Resolution of all legal disputes between DCI and DCP

12th September 2025

The Directors of the Company are pleased to announce that DCI Advisors Ltd ("DCI") has reached a global, comprehensive, confidential settlement agreement with its former Investment Manager, Dolphin Capital Partners Ltd ("DCP"), bringing all outstanding legal proceedings between the parties and their related parties, as well as the proceedings between DCI and Zoniro, to a close. This includes the resolution of all litigation proceedings previously ongoing in both the English and Greek courts which the parties have sought to irrevocably resolve, as well as a comprehensive waiver by both parties to refrain from raising further and/or additional claims against one another and their related parties.

On the terms of this settlement, both parties have agreed to a comprehensive waiver of claims of wrongdoing against each other and have confirmed that matters between them are now fully and finally settled in an amicable fashion, with no further disputes outstanding.

In connection with this agreement, DCI will receive a cash payment and DCP will receive certain assets. The resulting positive impact on the Company's Net Asset Value (NAV) after correcting for the advance payments is expected to be approximately €4.2 million. The Company's audited accounts shall provide further details in this regard.

This global settlement agreement represents a constructive and value-enhancing outcome for both DCI and DCP, as well as its founder Mr. Miltos Kambourides, allowing each to focus fully on their strategic priorities going forward.
