GSTechnologies Limited

("GST", the "Company" or the "Group")

Bitcoin Holding

GSTechnologies Limited (LSE: GST), the fintech company, is pleased to provide an update on the Company's Bitcoin holding following the formal adoption of a Bitcoin treasury reserve policy (the "Treasury Policy"), as announced on 25 June 2025.

The Company currently holds approximately 8.8 Bitcoin in its treasury, acquired at an average purchase price of US 113,592.94 per Bitcoin, for an aggregate cost of US 999,617.90. The total value of the Company's Bitcoin holding is now approximately US 1.02 million.

As stated in the Company's results for the year ended 31 March 2025, announced on 12 September 2025, the Company has allocated an initial US 2 million for the purchase of Bitcoin. Further Bitcoin will be added to the Company's treasury at strategic intervals, and in a phased approach, when market pricing provides appropriate opportunities.

Tone Goh, Chairman of GST commented:

"The development of GST's Bake Cryptocurrency Platform, acquired earlier this year, is progressing in line with the Board's expectations. Allocating a portion of the Company's cash reserves to Bitcoin aligns with our operational focus and the services we provide within the cryptocurrency ecosystem. We firmly believe in Bitcoin's role as a digital store of value, its alignment with GST's long-term financial objectives and we have every intention of increasing our Bitcoin holding in due course."
