It is noted that more than 20 per cent of votes have been cast against resolutions 4 and 15. These relate to the proposed adoption of a Value Creation Plan (the "Plan") as the means of incentivising senior leadership to accelerate value creation for its shareholders. The full rationale for the Plan is set out in the Remuneration Report included in the Company's Annual Report and Accounts 2025.

Prior to the Plan being proposed to shareholders, the Remuneration Committee undertook an extensive programme of proactive consultation over many months with our major investors. The holders of over 50 per cent Company's shares were consulted, in addition to the major proxy advisers. Their feedback as a whole was taken into account in the final design of the Plan as it was put to shareholders at the AGM.

The Board accepted when the Plan was proposed that it represents a departure from the established approach to executive remuneration. Nonetheless, given the persistent disconnect between share price progression and underlying performance of the Company it was felt by the Board that the adoption of the Plan was in the best interests of shareholders as a whole.

This position was strongly supported by a number of major institutional investors following extensive consultation and the Board is satisfied with the level of support the Plan has received at the AGM.

The Company is committed to maintaining its policy of open dialogue with investors, including on Remuneration matters; while we do not intend to specifically consult further with shareholders in relation to the Plan, we will be undertaking a results roadshow in early December and meeting with our major shareholders. We would be pleased to discuss the Plan at that time or with shareholders who reach out to our investor relations team in the meanwhile.

Consequently, no further update will be provided until the publication of the Company's Annual Report and Accounts 2026.

Notes:

- Any proxy appointments which gave discretion to the Chairman have been included in the "for" total.
- The Group's issued capital (excluding treasury shares) on 19 September 2025 (being the record date for voting at the meeting) was 236,091,423 ordinary shares of 50p each and 1,000,000 preference shares of 50 pence each which do not carry voting rights on the above resolutions. Each ordinary share carries the right to one vote and, as the Company held 7,252,974 ordinary shares in treasury on 19 September 2025 (being the record date for voting at the meeting) there were 228,838,449 voting rights in the Group.
- A "vote withheld" is not a vote in law and is not counted in the calculation of the proportion of the votes "for" and "against" a resolution.
- In accordance with Listing Rule 6.4.2, a copy of the resolutions passed, other than resolutions concerning ordinary business, will shortly be submitted to the National Storage Mechanism for inspection at <https://data.fca.org.uk/#nsm/nationalstoragemechanism>.
