

**SDI Group plc**  
("SDI", the "Company", or the "Group")

**AGM Trading Update**

24 September 2025 - SDI Group plc, the buy and build group, focused on companies which design and manufacture specialist lab equipment, industrial & scientific sensors and industrial & scientific products, provides an update on trading for the current financial year ("FY26") ahead of today's Annual General Meeting ("AGM").

The Company has continued to see positive momentum across its portfolio with an improvement in Group organic growth compared to last year and expects to deliver full year results in line with market expectations<sup>1</sup>. The Company anticipates profit and revenue will again be weighted towards H2 reflecting the current orderbook and pipeline across the Group.

SDI drives growth through a clear dual strategy - optimising its existing businesses for organic growth and acquiring complementary businesses, with strong niche positions and international reach, to leverage the synergies and benefits of the wider Group.

<sup>1</sup>Analysts from SDI's broker, Cavendish Capital Markets Limited, and from Progressive Equity Research regularly provide research on the Company, accessible from SDI's website. SDI considers the average of their forecasts to represent market expectations, being for FY26; Revenues of £75.2m, Adjusted Operating Profit of £11.4m and Adjusted Profit Before Tax of £9.8m.

**About SDI Group plc:**

SDI Group plc is a group of small to medium size companies with specialist industrial and scientific products in growth sector niches which help solve customers' key challenges.

It specialises in the acquisition and development of companies that design and manufacture specialist products for use in lab equipment, industrial & scientific sensors and industrial & scientific products.

Its portfolio of businesses supplies the life sciences, healthcare, plastics and packaging, manufacturing, precision optics and measurement instrumentation markets.

SDI aims to continue its growth through driving the organic growth of its portfolio companies and by the acquisition of complementary technology businesses with established reputations in global markets.
