Chairmans Statement

The Group has continued to navigate a trading landscape defined by ongoing macroeconomic changes and shifts in consumer behaviour. While reduced interest rates, favourable weather and foreign exchange rates have positively benefited our customers and consumers, other pressures remain with unemployment currently running at a 4-year high and store closures are predicted to be the highest since pre-covid by the end of 2025. Employer costs have also increased with energy prices still rising and

increased National Insurance contributions from April this year. International shipping rates though, remain low and have remained consistent, providing necessary stability.

Diversification remains central to our strategy. We have broadened our product portfolio, introduced innovative new ranges, and expanded our licensing partnerships, while strengthening our own-label capabilities across Toys, Golf, Cycling and Home & Garden. Seasonal demand benefited from more favourable weather in late spring and summer, helping to underpin performance in a number of our core categories.

A disciplined focus on inventory management, rigorous cost control, better buying and reduced reliance on clearance activity have enabled us to safeguard and expand margins and have resulted in the Group delivering a resilient performance. Together with a continued pipeline of product innovation, this demonstrates the robustness of our strategy and provides a strong platform for sustainable long-term growth.

Financial Highlights

Group revenue in the six months ended 30 June 2025 was ahead by 14.3% at £11.2m vs £9.8m for the same period last year.

There was an increase of 21.4% in gross profit from £2.8 million to £3.4 million. Gross profit margin increased to 30.9% versus 28.8% in the prior period last year, primarily due to favourable foreign exchange variances and improved product margins.

Operating expenses increased from £3.2m to £3.5m. This was primarily due to the benefit of the rates credit in 2024, increased salary cost due to the increase in employers NI and additional expenditure in advertising to support the increase in sales.

As a result of the above, the Group recognised an operating loss before exceptional expenses of £80,000 compared to a loss of £405,000 in the previous year.

Adjusted EBITDA profit was £81,000 for H1 2025, compared to a loss of £248,000 in the prior year.

Cash and cash equivalents were £396,000 at 30 June 2025 which compared to £805,000 at 30 June 2024. However, net debt dropped from £3.9 million at 30 June 2024 to £3.2 million at 30 June 2025.

Net assets at 30 June 2025 remain at £23.3 million.

Trading Update and Outlook

Consumer confidence remains subdued (index -18 ⁽²⁾) against a backdrop of increasing levels of unemployment, rising business costs, and continued cost-of-living pressures. Encouragingly, interest rates have lowered, and shipping rates have stabilised. We are currently cautiously optimistic about an improvement in conditions through the remainder of 2025 and beyond.

Newness and innovation remain key drivers of growth. In H1, we launched 165 new products. A further 48 new products are scheduled for H2, bringing the total to 213 new launches in 2025.

Our sourcing strategy continues to strengthen, reducing costs and lead times through closer collaboration with suppliers and logistics partners. The relocation of our Hong Kong office in October 2024 is already delivering tangible cost efficiencies.

Toy Sports & Leisure (TSL)

For the Group, outdoor toy sales were -3% vs last year (YTD Aug -8%). Although some retailers have reported growth in H1 2025, this was due to sell through of stock that had previously been purchased in 2024 as excess stock holdings at the end of the year built due to poorer weather. Improved weather in late spring and early summer this year, supported by promotional activity, drove stronger sell-through in the market. Therefore, newer purchases are now being ordered by customers and supports a more positive outlook for H2 and beyond.

We continue to innovate and develop our product portfolio, with 25 new products delivered in H1, together with two new exciting licenses, Dora and Paw Patrol 3. Key licensed brands including Bluey, Hot Wheels, Disney, Peppa Pig and Paw Patrol continue to perform strongly, enhancing both revenues and brand equity.

Bikes

The UK cycling market remains competitive, with deep discounting as competitors clear legacy stock. Against this backdrop, Group bike sales grew +50% vs last year (YTD Aug: +38%), supported by favourable weather and the launch of refreshed products.

Our Squish brand, named 2024 BikeBiz Brand of the Year, delivered sales of +64% vs last year (YTD Aug +42%). Junior bikes will be further strengthened in H2 with the launch of Hoy Bikes, in partnership with Sir Chris Hoy, with over 100 dealers already onboarded.

Electric bikes remain a core growth driver, with four new models launched in H1, taking our sub-£2,000 range to 19 models. Own-brand electric bike sales grew 60% vs last year (YTD Aug +44%) and now account for two-thirds of the category. Further expansion will include introducing Brompton to our D2C channel in H2.

Golf

Golf sales in H1 were -3% vs last year (YTD Aug +3%), reflecting a later phasing of Freight-On-Board

orders compared to 2024.

Our Ben Sayers brand continues to win share with new package sets and bags generating strong forward orders. Pro Rider sales grew +4%, driven by refreshed colours of our electric trolleys.

Home & Garden (HMGD)

Exceptionally hot weather and prolonged sunshine have significantly boosted trading, with sales at +16% vs last year (YTD Aug +33%). The warmest spring and summer on record accelerated demand for cooling solutions, awnings, and parasols.

We launched over 65 new SKUs, broadening our range with new categories such as outdoor heating, outdoor rugs, internal storage, and home décor, all of which have been well received.

We have introduced nine further products within our indoor and outdoor heating ranges in H2, alongside additional SKUs in outdoor storage. These will be available across the Jack Stonehouse website and marketplaces, positioning us strongly for the remainder of the year.

Online, marketplaces and direct to consumer

As part of the Group's direct-to-consumer growth strategy, Jack Stonehouse has delivered sales of +68% vs H1 2024 (YTD Aug +75%). Marketplaces also performed well, delivering +5% vs H1 2024 (YTD Aug +18%) revenue growth compared to the prior year.

While website traffic was broadly in line with the first half of 2024, improved product mix and more efficient marketing drove stronger conversion and higher customer spend. Transactions increased 52% year-on-year, accompanied by growth in average order value, with customers purchasing more items per order or opting for higher-value products. Customer confidence in the brand also strengthened, reflected in our continued 'Excellent' rating on Trustpilot, underpinned by an increasing volume of positive reviews.

Colleagues and year end outlook

We are pleased with the progress achieved in H1, with increased diversification and resilience. The Group is now strengthened and better positioned for the future. Our colleagues remain the cornerstone of our success. Their commitment, expertise, and energy continue to power growth and innovation across the Group.

As a result, the Board remains confident in the Group delivering full year performance in line with current market expectations.

The Group's financial position remains robust, underpinned by a strong balance sheet and substantial property assets. Solid cash reserves ensure financial flexibility, providing confidence in our ability to deliver on both current and future opportunities.

Looking ahead, we remain resolutely focused on our strategic priorities, disciplined growth, operational efficiency, and continuous innovation. While headwinds persist, we see significant opportunities to strengthen our market position and deliver sustainable long-term value for all stakeholders.

Dividend

In light of H1 performance and full-year expectations, the Board is not proposing an interim dividend. We continue to review our dividend strategy and remain committed to reinstating dividends when profits permit.

Investor Presentation

The interim results presentation will be available on the Company's website in due course. Shareholders with questions are encouraged to contact the Company via investorrelations@tandemgroup.co.uk or through our Nominated Advisors.
