About Auto Trader

Auto Trader Group plc is the UK's largest automotive platform. It listed on the London Stock Exchange in March 2015 and is a member of the FTSE 100 Index.

Auto Trader's purpose is Driving Change Together. Responsibly. Auto Trader is committed to creating a diverse and inclusive culture, it aims to build stronger partnerships with its customers and use its voice and influence to drive more environmentally friendly vehicle choices.

With the largest number of car buyers and the largest choice of trusted stock, Auto Trader's platform sits at the heart of the UK car buying process. That platform is built on an industry-leading technology and data platform, which is increasingly used across the automotive industry. Auto Trader is continuing to bring more of the car buying journey online, creating an improved buying experience, whilst enabling all its retailer partners to sell vehicles online.

Auto Trader publishes a monthly used car Retail Price Index which is based on pricing analysis of circa 800,000 unique vehicles. The same data that powers the Index is used by the Office for National Statistics to make the UK's official measures of inflation more robust, as well as the Bank of England to feed the broader UK economic indicators.
