**Further Investment into LNEnergy**

Reabold Resources plc, the investing company focussed on developing strategic gas projects for European energy security, is pleased to announce that, through participation in a rights issue, it has increased its interest in LNEnergy Limited ("LNEnergy") by a further 1.2% through the subscription for 128 new ordinary shares at a price of £1,200 per share, with total cash consideration of £153,600. LNEnergy's 100% owned subsidiary, LNEnergy S.r.l, is the Italian company that has a 90% interest in the Colle Santo gas field in the Abruzzo region of Italy, a highly material gas resource with an estimated 65Bcf of 2P reserves<sup>1</sup>.

As announced on 7 October 2025, Reabold has entered into a binding, conditional agreement with Beacon Energy PLC ("Beacon"), for Beacon to acquire all of Reabold's interest in LNEnergy. The first phase of this acquisition, in which Beacon will initially acquire approximately 49% of Reabold's holding in LNEnergy, is anticipated to complete in November 2025.

**Notes to Editors**

Reabold Resources plc has a diversified portfolio of exploration, appraisal and development oil & gas projects. Reabold's strategy is to invest in low-risk, near-term projects which it considers to have significant valuation uplift potential, with a clear monetisation plan, where receipt of such proceeds will be returned to shareholders and re-invested into further growth projects. This strategy is illustrated by the recent sale of the undeveloped Victory gas field to Shell, the proceeds of which are being returned to shareholders and re-invested.
