Interview with CEO Mike Ralston - DFS Progress and Path to Production

Blencowe Resources Plc (LSE: BRES) is pleased to share a link to a recording of a live X Spaces Interview and Q&A on the SmallCapPix platform featuring CEO Mike Ralston who discusses progress at the Company's flagship Orom-Cross graphite project in Uganda.

In this wide-ranging discussion, Mr. Ralston provides updates on:

- Ongoing assay results from the 7,750m Stage 7 drilling campaign
- Completion of the Definitive Feasibility Study (DFS) in Q4 2025
- Next steps towards financing and development of Orom-Cross towards production from 2026
- SPG strategy targeting premium, non-Chinese battery markets
- Advanced product testing programmes, including those undertaken through technical partners for major U.S. agencies
- How the project's de-risking and strong fundamentals position Blencowe for a potential re-rating post-DFS
