21 October 2025

Acuity RM Group plc
("Acuity" or the "Group")

Contract Win

The directors of Acuity (AIM: ACRM), the software group, are pleased to announce that its wholly owned subsidiary, Acuity Risk Management Limited ('ARML') which is focused on the cyber-security sector of the Governance, Risk and Compliance ("GRC") market has won a new contract.

The contract is with a new client, a leading European defence contractor, for Vendor Management Hub ("VMH") software and services to be used in a new programme. VMH is a product that will help provide protection against the type of cyber security breaches recently suffered by leading retailers and manufacturers. The new customer is expected to generate further commercial opportunities for Acuity.

VMH is a product that can be deployed easily by the customer or an Acuity partner and is now available on AWS marketplace <https://aws.amazon.com/marketplace/pp/prodview-al7ydzkavsls>

David Rajakovich, Chief Executive, commented; *"With this win, we continue to demonstrate our strength in the defence sector. Given our proven ability to upsell, small wins often become big wins as users experience VMH's and STREAMs value.*

"Offering VMH on the AWS Marketplace marks a pivotal enhancement to our go-to-market strategy. By decoupling sales from deployment, we're unlocking entirely new distribution channels that will accelerate our path to becoming a truly global business. This model doesn't just expand our reach-it fundamentally transforms how quickly we can scale our customer base and drive revenue growth."
