

Moody's Upgrades Tritax Big Box REIT PLC's Credit Rating to A3

- *Reflects increased scale, diversity and improvement in business profile since original rating assigned in 2017*
- *Long, well established track record of disciplined growth while maintaining conservative financial policies*
- *Expected to maintain strong credit metrics, supported by strong operational performance and favourable market*

Tritax Big Box REIT plc (the Company) is pleased to report that Moody's Ratings (Moody's) has upgraded the Company's credit rating to A3 (stable) from Baa1 (positive).

The upgrade reflects the Company's growing scale, increased portfolio diversification and continued focus on resilient, high-quality logistics assets. In addition, there is recognition of the significant opportunity to deliver exceptional risk-adjusted returns through our innovative "power-first" data centre development strategy.

The upgrade follows the recently completed portfolio acquisition from Blackstone, which has enhanced the Company's competitive edge through increased asset depth across big box, urban and MLI formats, broadened its customer offering and supports a diverse range of occupier needs with greater operational flexibility.

In its published rationale, Moody's highlighted the following key drivers for the upgrade:

- **Resilient Portfolio Performance:** The continued strong operational performance of the Company's prime logistics portfolio, evidenced by high occupancy levels, sustained rental growth, and positive rental reversions.
- **Increased Diversification:** Meaningful increase in number of assets within the portfolio and greater diversification of product offering via entry into the attractive urban logistics sector and securing a data centre pipeline.
- **Prudent Financial Policy:** The Company's consistent track record of maintaining a strong balance sheet, demonstrated by a disciplined approach to leverage with a low Loan-to-Value (LTV) ratio and a well-termed, largely fixed-rate debt profile.

Frankie Whitehead, Partner and CFO for Tritax Big Box REIT plc, commented:

"Securing an A3 rating from Moody's is an achievement that underscores the significant strategic progress the business has made, our strong operational track record, the strength of our balance sheet and the robustness of our financial policy. This improved rating will further enhance our access to diverse sources of capital at more attractive terms supporting the delivery of our three growth drivers and growing adjusted earnings by 50% by the end of 2030."
