**Oxford Nanopore postpones virtual investor event; reaffirms guidance**

07 November 2025

Oxford Nanopore Technologies plc (LSE: ONT), the company delivering a new generation of molecular sensing technology based on nanopores, today announces that, with the CEO succession process actively underway, the Company is postponing the previously planned 14 November virtual investor seminar pending appointment of the new CEO.

The Company expects full-year 2025 constant currency revenue growth to be at the top end of its previously stated guidance range of 20-23%, with all other financial metrics tracking in line with expectations.

**About Oxford Nanopore Technologies plc:**

Oxford Nanopore Technologies' goal is to bring the widest benefits to society through enabling the analysis of anything, by anyone, anywhere. The Group has developed a new generation of nanopore-based sensing technology that is currently used for real-time, high-performance, accessible, and scalable analysis of DNA and RNA. The technology is used in more than 125 countries, to understand the biology of humans, plants, animals, bacteria, viruses and environments as well as to understand diseases such as cancer. Oxford Nanopore's technology also has the potential to provide broad, high impact, rapid insights in a number of areas including healthcare, food and agriculture.
