S&P Global improves Kazatomprom's ESG score

On 13 November 2025, S&P Global, an international rating agency, has assigned National Atomic Company Kazatomprom JSC a Corporate Sustainability Assessment (CSA) score of 50/100, with a total ESG score of 51 points. Kazatomprom's score is 2 points higher compared to the previous year and significantly exceeds the industry average, which confirms the Company's leadership position and the success of its sustainable development strategy.

ESG scores provide an objective assessment of companies' sustainability, including their contribution to addressing environmental and social issues, as well as its transparency and governance efficiency. The high score from S&P Global highlights Kazatomprom's ability to professionally manage ESG aspects, strengthening investor, partner, and stakeholder confidence in the Company.

The improved score also reflects consistent implementation of the Company's updated development strategy for 2025-2034, where one of the key objectives is enhancement of advanced business and ESG practices to ensure and maintain business integrity.

Kazatomprom will continue to follow its course of creating long-term value for all stakeholders, reinforcing its position as a global leader in the nuclear industry and contributing to the global transition to clean energy.

About Kazatomprom

Kazatomprom is the world's largest producer of uranium with the Company's attributable production representing approximately 21% of global primary uranium production in 2024. The Group benefits from the largest reserve base in the industry and operates, through its subsidiaries, JVs and Associates, 27 deposits grouped into 14 mining assets. All of the Company's mining operations are located in Kazakhstan and extract uranium using ISR technology with a focus on maintaining industry-leading health, safety and environment standards.

Kazatomprom securities are listed on the London Stock Exchange and Astana International Exchange. Kazatomprom is the national atomic company in the Republic of Kazakhstan. The Group's primary customers are operators of nuclear generation capacity, the principal export markets for the Group's products are Asia, Europe, and North America. The Group sells uranium and uranium products under long-term contracts, short-term contracts, as well as in the spot market, directly from its headquarters in Astana, Kazakhstan, and through its Switzerland-based trading subsidiary, Trade House KazakAtom AG (THK).
