

Standard Chartered PLC - statement on the Bank of England 2025 Bank Capital Stress Test results

Standard Chartered PLC (the Group) notes the publication today by the Bank of England on the results for 2025 Bank Capital Stress Test. The results showed that, under the Bank of England's hypothetical scenario, the Group exceeded all minimum requirements and show an improvement relative to 2022/23 Annual Cyclical Scenario (ACS) Stress Test. The Group has a diverse and liquid balance sheet, and these results demonstrate the Group's continued capital strength and resilience to stress.

The results of the Bank of England's 2025 Bank Capital Stress Test are available to view in full on their website at:
