### **About Artemis Resources**

**Artemis Resources (ASX/AIM: ARV)** is a Western Australian exploration company focused on advancing a highly prospective portfolio of gold, copper and critical minerals projects. The Company holds a significant land position in the underexplored North Pilbara Gold-Copper Province, including the Carlow, Titan and Thorpe prospects, as well as the large-scale Cassowary Exploration Project located approximately 440km east of Kalgoorlie. Artemis also holds a strategic, fully permitted processing asset at Radio Hill, situated near Karratha.

Artemis' portfolio includes exposure to gold-copper systems, IOCG-style intrusions, and lithium via joint venture interests at Mt Marie, Kobe and Osborne. The Company continues to advance high-impact exploration programmes across these assets with the objective of defining new discoveries and unlocking value for shareholders.
