About Sage:

Sage exists to knock down barriers so everyone can thrive, starting with the millions of small and mid-sized businesses (SMBs) served by us, our partners and accountants. Customers trust our finance, HR and payroll software to make work and money flow. By digitalising business processes and relationships with customers, suppliers, employees, banks and governments, our AI-powered platform connects SMBs, removing friction and delivering insights. Knocking down barriers also means we use our time, technology and experience to tackle digital inequality, economic inequality and the climate crisis.
