

Reach - non-regulatory announcement

22 January 2026

Thruvision Group plc

UK Retail Distribution Contract Award

Thruvision Group plc (AIM: THRU), the leading provider of walk-through security technology ("Thruvision" or the "Company" and, together with its subsidiary undertakings, the "Group"), announces that it has received a further order from an existing multinational customer in the Retail Distribution market in the UK.

The Group has received a UK order for a WalkTHRU deployment of its high-performance cameras from a German-headquartered global logistics company. This order builds on six earlier successful deployments with the same customer in the UK, Europe and Americas and reinforces Thruvision's growing presence in the Retail Distribution market, supporting customers in reducing losses, enhancing safety and maintaining entry and exit throughput of staff in distribution centres without operational disruption.

Victoria Balchin, CEO of Thruvision Group plc, commented:

"We are pleased to receive this further order, which reflects the value our Walk THRU technology continues to deliver for large, complex distribution environments. Repeat business from a global logistics customer demonstrates the effectiveness of our solutions and underlines their ability to improve security while enabling efficient, uninterrupted operations."

About Thruvision

Thruvision is a leading international developer, manufacturer and supplier of walk-through security technology. Its technology is deployed in more than 30 countries around the world by government and commercial organisations in a wide range of security situations, where large numbers of people need to be screened quickly, safely and efficiently. Thruvision's patented technology is capable of detecting concealed metallic and non-metallic objects in real time using an advanced AI-based detection algorithm. The Group has offices and manufacturing capabilities in the UK and US.

Important information

This announcement may include statements that are, or may be deemed to be, "forward-looking statements" (including words such as "believe", "expect", "estimate", "intend", "anticipate" and words of similar meaning). By their nature, forward-looking statements involve risk and uncertainty since they relate to future events and circumstances, and actual results may, and often do, differ materially from any forward-looking statements. Any forward-looking statements in this announcement reflect management's view with respect to future events as at the date of this announcement. Save as required by applicable law, the Company undertakes no obligation to publicly revise any

forward-looking statements in this announcement, whether following any change in its expectations or to reflect events or circumstances after the date of this announcement.

About Reach announcements

This is a Reach announcement. Reach is an investor communication service aimed at assisting listed and unlisted (including AIM quoted) companies to distribute media only / non-regulatory news releases into the public domain. Information required to be notified under the AIM Rules for Companies, Market Abuse Regulation or other regulation would be disseminated as an RNS regulatory announcement and not on Reach.

This information is provided by Reach, the non-regulatory press release distribution service of RNS, part of the London Stock Exchange. Terms and conditions relating to the use and distribution of this information may apply. For further information, please contact ms@lseg.com or visit www.ms.com.

RNS may use your IP address to confirm compliance with the terms and conditions, to analyse how you engage with the information contained in this communication, and to share such analysis on an anonymised basis with others as part of our commercial services. For further information about how RNS and the London Stock Exchange use the personal data you provide us, please see our [Privacy Policy](#).
