Caledonia Investments plc

Caledonia is a FTSE 250 self-managed investment trust company with a long track record of delivering consistent returns and progressive annual dividend payments to shareholders.

Our aim is to generate long-term compounding real returns that outperform inflation by 3%-6% over the medium to long term, and the FTSE All-Share index over 10 years.

We are a long-term investor and hold investments in both listed and private markets across three pools: Public Companies, Private Capital and Funds. Each has a strategic allocation of capital, investment strategy and target return. The result is a well-balanced diversified portfolio of investments with a global reach.
