#### **About Marks Electrical**

Marks Electrical is a technology driven e-commerce electricals retailer which sells, delivers, installs and recycles a wide range of household electrical products. The Group was founded in Leicester in 1987 by Mark Smithson and has scaled into a nationwide online retailer with a compelling growth track record, thanks to its vertically integrated, low-cost, high-quality operating model, supported by the ongoing structural shift of consumers to purchase online. The Group operates within the UK Major Domestic Appliances (MDA) and Consumer Electronics (CE) market, estimated to be worth approximately £7 billion.

Primarily through its simple, clear and intuitive website - [markselectrical.co.uk](https://markselectrical.co.uk) - the Group offers over 4,500 products from over 50 leading brands across its main product categories, which include Cooking, Refrigeration, Washers & Dryers, Dishwashers and Audio-Visual. These products are sourced from UK distributors of the brands, with whom the Group maintains strong and direct relationships. Marks Electrical delivers direct to customers in its owned and branded vehicles, operated by the Group's skilled team of delivery drivers, who are also able to offer installation and recycling services.
