Transfer of Treasury Shares
Total Voting Rights

CML, which develops mixed-signal, RF and microwave semiconductors for global communications markets, announces that on 7 April 2026, it transferred 51,312 ordinary shares of 5 pence each ("Ordinary Shares") out of treasury.

On 2 October 2023, the Company announced that it had completed the acquisition of Microwave Technology, Inc. ("MwT") and that, as part of the consideration it would be issuing Consideration Shares to the vendors of MwT. The final tranche of those Consideration Shares was due to be issued on the third anniversary of the acquisition of MwT, but the Company has agreed with one of the vendors to issue that vendor's shares today. The remaining 39,467 Consideration Shares will be issued on 2 October 2026.

The 51,312 shares transferred out of treasury today are part of those Consideration Shares.

Full details on the Consideration Shares and the acquisition of MwT can be found in the Company's announcement of 2 October 2023.

About CML Microsystems Plc

About CML Microsystems Plc

CML develops mixed-signal, RF and microwave semiconductors for global communications markets. The Group utilises a combination of outsourced manufacturing and in-house testing with trading operations in the UK, Asia and USA. CML targets sub-segments within Communication markets with strong growth profiles and high barriers to entry. It has secured a diverse, blue chip customer base, including some of the world's leading commercial and industrial product manufacturers.

Growth in its end markets is being driven by factors such as the appetite for data to be transmitted faster and more securely, the upgrading of telecoms infrastructure around the world and the growing prevalence of private commercial wireless networks for voice and/or data communications linked to the industrial internet of things (IIoT).

The Group is cash-generative, has no debt and is dividend paying.
