

For release: 07.00, 28 October 2026

Sealand Capital Galaxy Limited

("Sealand", the "Company" or the "Group")

Completion of Acquisition of Brilliant Glow Group

Sealand Capital Galaxy Limited (LSE: SCGL) is pleased to announce that, further to its announcement of 22 July 2026, it has completed the acquisition of 100% of the issued share capital of Brilliant Glow Group Co., Limited ("BGG") for a total consideration of £6.6 million (the "Acquisition").

All conditions to completion under the Sale and Purchase Agreement have been satisfied or waived, and the relevant company registration formalities have been completed. BGG is now a wholly owned subsidiary of Sealand.

BGG is an APAC-focused consulting services business operating through its wholly owned subsidiary, Shenzhen Brilliant Glow Consulting Services Co., Limited. Its services span digital and intelligent transformation, technology services, retail solutions and capital markets consulting.

The Acquisition of BGG strengthens Sealand's consulting and technology-enabled service capabilities, expands its presence across the APAC region and supports the Group's strategy of developing cross-border commercial opportunities.

Further details are set out in the Company's announcement of 22 July 2026.

Daniel Cao, Chief Executive Officer of Sealand, commented:

"We are delighted to have completed the acquisition of BGG, marking another important step in Sealand's development. BGG brings an experienced team, established client relationships and valuable expertise across a range of consulting and technology services. We look forward to working closely with the team to expand our capabilities across the APAC region, pursue new commercial opportunities and deliver long-term value for shareholders."

-Ends-

Notes to editors:

Sealand Capital Galaxy Limited's ordinary shares are admitted to the Equity Shares (transition) category of the Financial Conduct Authority's Official List and admitted to trading on the London Stock Exchange's Main Market. Sealand focuses on AI and SaaS software tools to support the commercial deployment of digital management solutions, together with computing-power infrastructure and energy technology, aiming to build an integrated platform spanning digitalisation, intelligence, computing support and energy assurance.

The Group is developing its AI data security and AI computing security capabilities to support the secure use of data and computing resources in enterprise AI applications. Operating through a dual Shenzhen-Hong Kong Asia-Pacific hub model, the Group pursues targeted technology acquisitions, strategic partnerships and selective digital investments to deliver sustainable long-term shareholder value across the APAC, UK and European markets.
