Quarterly Activities and Cash Flow Report Q3 2026

Å

EXECUTIVE SUMMARY & OPERATIONAL UPDATE

The third quarter was a period of operational consolidation and regulatory progression for the Company. During the period, the Company achieved a key financial milestone by receiving non-dilutive capital while continuing to methodically advance the statutory and regulatory approvals required for its flagship **HY-Range Natural Hydrogen and Helium Project (RSEL 802)** in South Australia.

Å

Highlights:

- **Receipt of A\$1.312m Payment from Tivan Limited** On 15 September 2026, Thor received the first annual deferred completion payment of A\$1,312,500 from ASX-listed Tivan Limited (ASX: TVN) following the successful divestment of the Molyhil Project. As permitted under the transaction terms, Tivan elected to satisfy 50% of the payment in cash (A\$656,250) and 50% in Tivan ordinary shares (A\$656,250). This further strengthens Thorâ€™s cash balance.
- **Closing Q3 Cash Balance of A\$3,000,000 at September 30, 2026.**
- **HY-Range Regulatory & Permitting Update:** Thor has continued to progress the statutory environmental and regulatory approvals necessary to undertake its planned 464 line-kilometre 2D seismic acquisition survey across RSEL 802. The public consultation process and statutory pathway to secure the **Statement of Environmental Objectives (â€œSEOâ€)** through the **Department of Energy and Mining** in South Australia is ongoing.
- **Fully Funded Position:** Thor remains in a strong, fully funded financial position to execute the 2D seismic survey without requiring immediate recourse to equity markets.

Å

Andrew Hume, CEO and Managing Director, Thor Energy Plc, commented:

"It was an important quarter to consolidate our financial foundation and diligently advance our statutory obligations in South Australia.

Å

"Receiving the A\$1.3m deferred payment from Tivan underlines the ongoing value delivered by our non-core asset divestment strategy, ensuring our treasury remains well-resourced. At HY-Range, navigating the public consultation and statutory framework to secure our Statement of Environmental Objectives was a crucial step to support best-practice environmental management and community alignment.

Å

"The consultation process means our 2D seismic acquisition window will most likely be in late Q1/early Q2 2027, as our technical team and seismic contractors are fully prepared and ready to progress. We are confident in the prospectivity of HY-Range following our 3% natural hydrogen geochemistry results, and we look forward to getting crew on the ground as soon as the SEO and formal approvals are finalised."

Å

FINANCE AND CASH MOVEMENTS

Cash Movement:

The Company experienced net cash outflows from Operating activities for the quarter of A\$468,000, which included outflows of A\$61,000 directly related to exploration activities. Net cash inflows from investing activities of A\$656,000 reflect the cash component of the Tivan payment (see below). Thor ended the quarter with a cash balance of A\$3,000,000, reflecting continued disciplined management of the Companyâ€™s cash reserves following its recent portfolio divestments. As previously noted, Thor received a further payment of A\$1,312,500 from Tivan Limited pursuant to the divestment of the Molyhil Project, comprising A\$656,250 in cash and A\$656,250 in Tivan ordinary shares. Following completion of the escrow period in March 2027, Thor will monitor market conditions and internal cashflow models to determine

the optimal time to realise its Tivan shares.

Â

Cash flows for the quarter include payments of A\$138,000 to Directors, comprising the CEO-Managing Director's salary and the Non-Executive Directors' salaries/fees.

7.3	Other (please specify)	-	-
7.4	Total financing facilities	-	-
Â	Â		Â
7.5	Unused financing facilities available at quarter end		-

7.6	Include in the box below a description of each facility above, including the lender, interest rate, maturity date and whether it is secured or unsecured. If any additional financing facilities have been entered into or are proposed to be entered into after quarter end, include a note providing details of those facilities as well.
	Â
	Â
	Â

Â

8.	Estimated cash available for future operating activities	\$A€™000
8.1	Net cash from / (used in) operating activities (itemÂ 1.9)	(468)
8.2	(Payments for exploration & evaluation classified as investing activities) (item 2.1(d))	-
8.3	Total relevant outgoings (itemÂ 8.1 + itemÂ 8.2)	(468)
8.4	Cash and cash equivalents at quarter end (itemÂ 4.6)	3,000
8.5	Unused finance facilities available at quarter end (itemÂ 7.5)	-
8.6	Total available funding (itemÂ 8.4 + itemÂ 8.5)	3,000
Â	Â	Â
8.7	Estimated quarters of funding available (itemÂ 8.6 divided by itemÂ 8.3)	6.4
	<i>Note: if the entity has reported positive relevant outgoings (ie a net cash inflow) in itemÂ 8.3, answer itemÂ 8.7 as 'N/A'. Otherwise, a figure for the estimated quarters of funding available must be included in item 8.7.</i>	
8.8	If itemÂ 8.7 is less than 2Â quarters, please provide answers to the following questions:	
Â	8.8.1Â Does the entity expect that it will continue to have the current level of net operating cash flows for the time being and, if not, why not?	
Â	Answer: N/A	
Â	8.8.2Â Has the entity taken any steps, or does it propose to take any steps, to raise further cash to fund its operations and, if so, what are those steps and how likely does it believe that they will be successful?	
Â	Answer: N/A	
Â	8.8.3Â Does the entity expect to be able to continue its operations and to meet its business objectives and, if so, on what basis?	
Â	Answer: Yes	
Â	Â	
Â	<i>Note: where itemÂ 8.7 is less than 2Â quarters, all of questions 8.8.1, 8.8.2 and 8.8.3 above must be answered.</i>

Notes

1.Â This quarterly cash flow report and the accompanying activity report provide a basis for informing the market about the entityâ€™s activities for the past quarter, how they have been financed and the effect this has had on its cash position. An entity that wishes to disclose additional information over and above the minimum required under the Listing Rules is encouraged to do so.

2.Â If this quarterly cash flow report has been prepared in accordance with Australian Accounting Standards, the definitions in, and provisions of, AASB 6: *Exploration for and Evaluation of Mineral Resources* and AASB 107: *Statement of Cash Flows* apply to this report. If this quarterly cash flow report has been prepared in accordance with other accounting standards agreed by ASX pursuant to Listing RuleÂ 19.11A, the corresponding equivalent standards apply to this report.

- 3.Â Dividends received may be classified either as cash flows from operating activities or cash flows from investing activities, depending on the accounting policy of the entity.
- 4.Â If this report has been authorised for release to the market by your board of directors, you can insert here: "By the board". If it has been authorised for release to the market by a committee of your board of directors, you can insert here: "By the [name of board committee] eg Audit and Risk Committee". If it has been authorised for release to the market by a disclosure committee, you can insert here: "By the Disclosure Committee".
- 5.Â If this report has been authorised for release to the market by your board of directors and you wish to hold yourself out as complying with recommendation 4.2 of the ASX Corporate Governance Council's *Corporate Governance Principles and Recommendations*, the board should have received a declaration from its CEO and CFO that, in their opinion, the financial records of the entity have been properly maintained, that this report complies with the appropriate accounting standards and gives a true and fair view of the cash flows of the entity, and that their opinion has been formed on the basis of a sound system of risk management and internal control which is operating effectively.
